The screenshot shows the 'Edit menu' form. The 'Page link' dropdown is open, showing a search bar and a list of results. The results include 'oct', 'October Designs - (File: container-gardens/october-designs)', and 'October Gardening Tips - (File: seasonal-tips/october)'. The 'October Gardening Tips' item is highlighted in blue.

#4 Use a search term until you find the page you want and then select the page

#5 Save and close

The screenshot shows the 'Reorder menu items' interface. At the top, there are buttons for 'Create Menu', 'Remove', and 'Reorder menu'. Below these is a table with columns for 'TITLE' and 'Main Menu'. The 'Main Menu' column has a 'Yes' checkbox. Below the table is a navigation bar with icons for 'Dashboard', 'CMS', 'Media', and 'Carousel'. The 'Menus' tab is selected, and the 'Reorder menu items' sub-tab is active. A 'Return' button is visible at the top of the list. The list of menu items includes 'This Month', 'Apples & Pears', 'Fall Contests', 'Sales', 'Monthly Tips', 'Container Designs', 'Yearly Events', 'Weekly Podcast', 'Curbside Pickup', 'Plant Library', and 'Custom Planting Plans'. The 'Apples & Pears' item is highlighted with a blue bar.

#6 To reorder the menu items, click the Reorder menu button

#7 Use the 3 lines to drag the item where you want it.

#8 Save by clicking Return
